Participating in NSERC Partnerships: Key Advantages

- Significant savings in research costs
- Projects are based on company's requirements
- Access to high levels of expertise and advanced research facilities
- Students are potential future employees
- Contributions can qualify for SR&ED tax credits

Engage Grant

**Collaborative research project between
a company and a university/college**

Engage Grants

- Support new collaborations
- Aimed at solving company-specific problem
- Six-month project; up to \$25,000 from NSERC
- No company cash required; just in-kind
- New IP owned by company
- Apply anytime; 4-6 week turnaround

Engage with Colleges, Polytechnics
and Universities (R&D)

Address a short-term R&D challenge for a quick win.

Collaborative R&D Grant (CRD)

Larger scale collaborative research
project between a company and a
university

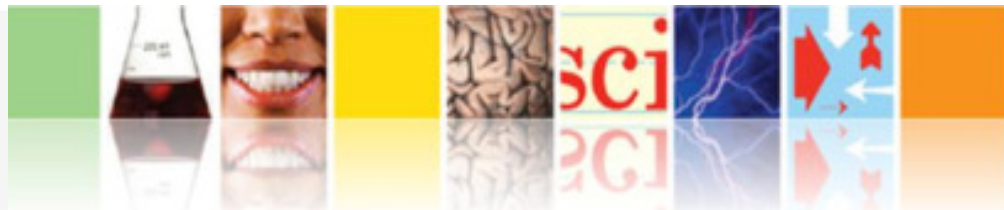

Collaborative Research & Development Grants

- Focused R&D projects
- Grants range from \$10K to over \$500K per year
- Industry cash required
- Flexible leverage:
 $\$1$ of company cash + $\$1$ eligible in-kind = $\$2$ from NSERC
- Apply anytime
- Peer-review; 3 to 5 month turnaround

Collaborative R&D for Colleges,
Polytechnics and Universities

Collaborate to solve a specific, research-based industry
problem.
