

The Expanding World of Nanofabrication – *an update from NanoFabrication Kingston*

March 26, 2020

Good day,

You are receiving this important update as a user of NFK, as a supervisor of a user, or as someone who requested to receive these updates.

**COVID-19 and NFK closing**

In alignment with today's notification that the Provost at Queen's has directed all on-campus research activity be suspended for 14 days, NFK will be closed until further notice. Feel free to contact me about any questions or concerns you may have.

Sorry for any inconvenience this may cause, and thank you for your understanding.

Stay safe!

Graham Gibson

Lab Operations Manager, NanoFabrication Kingston  
Queen's University
